Atlantic Fleet at Manila After acts gently yet prompt-Uneventful Voyage From Australia.

SPERRY WILL LAND TODAY

CHOLERA SAID TO BE DIMINISH ING RAPIDLY.

Manila, Oct. 2.-Fresh from a tr umphant reception in Australian ports and with their cruise around the world two-thirds accomplished, the sixteen battleships of the American fleet, which sailed from Hampton Roads last December, are anchored in double column tonight off the breakwater close to the luneta, whence a splendid view of the warshirs was obtainable today.

During the late afternoon and early evening, after the fleet had come to anchor, thousands of residents of the islands crowded every available spot command-ing a view of the anchorage and the general air of expectancy and excitement in-dicated the eager interest that has at-tended the fleet's coming.

Will Take Nothing Aboard.

Wili Take Nothing Aboard.

Soon after anchoring, the rear admirals commanding the divisions and the captains of the fifteen vessels assembled on board the flagship Connecticut to pay their respects to Rear Admiral Sperry. The only salute marking the arrival of the fleet was fired in honor of Rear Admiral G. B. Harber, commanding the third division of the Pacific fleet, as he went over the side of the Connecticut to greet Admiral Sperry. Following a conference of some length it was announced that orders had been issued directing that nothing be taken aboard from on shore pending further consideration of the epidemic of cholera in Manila.

Shore leave will be granted the officers, providing they return to ship by 10 p. m. A special permit must be secured to permit them to remain over night, and careful instructions were issued governing their conduct while ashore, in order to guard against the remotest danger of bringing the contagion aboard the vessels of the fleet.

Increased Efficiency.

### Increased Efficiency.

In discussing the long cruise from San Francisco with the correspondents who boarded the Connecticut this evening. Rear Admiral Sperry declared that since the warships had been thrown upon their own resources, without the convenience. own resources, without the convenience and support of a navy yard, the efficience and support of a navy yard, the efficiency of the ships had been greatly increased. This, he said, was particularly true of the engineering department, but the symmetrical development of the entire fleet had steadily increased with the repetition of drills and with the additional experience of handling the ships under conditions of all kinds. The admiral, reviewing that portion of the cruise since leaving San Francisco, expressed himself as well satisfied with the general results attained from the standpoints of discipline, seamanship and adaptability to circummanship and adaptability to circum-

Scene of Brilliancy.

Intense Itching Eczema Drove Him Nearly to Despair-Chief Surgeon of a London Hospital Cailed It Worst Case He Had Ever Seen-Got Little or No Relief Until

### CUTICURA STOPPED HIS UNBEARABLE TORTURE

"About four years ago, in London, I was troubled by a severe itching and dry, scurfy skin on my ankles and feet. The same, in a few days, was the case with my arms and scalp. I - uld hardly keep from scratching, which,
I need hardly
say, made it
worse. Then large red patches appeared, with inflammation and soreness.

and soreness.
After ten days,
thousands of small red pimples formed.
On becoming dry, these caused intense
itching. I was advised to go to the
hospital for diseases of the skin. I did
so and was an out-patient for a month
or more, the chief surgeon saying: 'I
never saw such a bad case of eczema.'
But I got little or no relief. Then I
tried many so-called remedies, but I became so bad that I almost gave up in
desprir. On coming to this country I
heard so many accounts of cures by Cutidespeir. On coming to this country I heard so many accounts of cures by Cuticura Remedies that I resolved, as a last resource, to give them a trial. This was after suffering agonies for twelve months, and right glad am I that I did so, for I was relieved of the almost unbearable itching after two or three applications of Cuticura Ointment. I continued its use, combined with a liberal use of Cuticura Soap and Cuticura Resolvent Pills and am more than liberal use of Cuticura Soap and Cuticura Resolvent Pills and am more than thankful to say that after using three sets of the Remedies, I was completely cured. I can only add that, should any one be suffering as I did, I hope that they will do as I did, and I am sure of the results. Henry Searle, 2022 Cross St., Little Rock, Ark., Oct. 8 and 10, '07." Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults onsists of Cuticura Soap (25c.) to Cleanse the Skin, Intitioura Olintment (50c.) to Heal the Skin, and Inticura Resolvent (50c.), (or in the form of Chocolate Oated Pilk, 25c. per vial ef 60) to Purily the Blood. old throughout the world. Potter Drug & Chem. Jorp., Sole Props., Boston, Mass.

line of lights, marking the berths of the warships, twinkled response to the blaze of electric illumination on shore and as

the hour grew late the bustle and hum of celebrating crowds settled into the stillness of the tropical night.

There were no exchanges of formal calls There were no exchanges of formal calls the luneta or public square, which was brilliantly illuminated. A band concert with a spirited program and selections by the bugle corps of the Ninth cavalry were features of the entertainment provided Sperry, who will later land and return the call, also paying his respects to Major General Weston, corimanding the troops stationed in Manila stationed in Manila.

Latest reports show that the cholera in this city is diminishing rapidly. It is expected that the city will be clean in a few days.

The fleet will sail for Japan on the evening of Oct. 9.

Flagship Sailed Last.

The voyage of the fleet from Australia to this port was without special incident. All of the battleships with the exception of the battleship Connecticut left Albany on the evening of Sept. 18. The flagship was delayed by coaling, but sailed on the morning of Sept. 19 and overtook the rest of the fleet the next morning. The ships passed Freemantle at noon on Sept. 20, several miles distant from the shore. A number of large steamers and many small number of large steamers and many small craft crowded with enthusiastic people witnessed the spectacle as the fleet passed in line of squadrons, presenting a fine ap-

pearance.

The delay in leaving Albany was due to the tardy appearance of the chartered colliers. The fleet experienced difficulty through the non-arrival or late arrival of chartered colliers at Auckland as well as at Albany. Six were expected at Auckland, but only three arrived. Sixteen thousand tons of coal were purchased in Australia, so the fleet might reach Albany. land, but only three arrived. Sixteen thousand tons of coal were purchased in Australia, so the fleet might reach Albany without danger of running short of fuel. At Albany two colliers arrived late and two were on the overdue list. In consequence the fleet was delayed for thirty-six hours and even then did not fill the bunkers completely, but the exercise of great economy and excellent service on the part of the engineers enabled them to arrive only one day late at Manila.

This, the officers declare, shows the necessity of a navy owning its own colliers, as merchant colliers are usually under foreign flags, undependable in peace and much more so in war. The cruise from Albany to Manila was made under perfect millpond conditions, the sea being calm and the weather pleasant after leaving Java.

### NEW BILLS OF LADING.

First of November the Date Set for

Their Introduction. Chicago, Oct. 2.-The Traffic Bulletin to-Chicago, Oct. 2.—The Traffic Bulletin to-morrow will print a letter from Chair-man Martin A. Knapp of the interstate commerce commission to C. C. McCain, chairman of the uniform bill of lading committee, approving the draft of the new uniform bill of lading which is to go into effect Nov. 1. In his letter Chair-man Knapn savs:

go into effect Nov. 1. In his letter Chairman Knapp says:

"It would be a disappointment to me and my associates if the carriers in the official classification territory do not unitedly and without exception insist upon the use of these bills of lading, so far as they are intended to be used, on and after the first of November, and I sincerely hope that carriers outside that territory will, so far as practicable, take the same course at the same time."

### JUDGMENT FOR MRS. MORRI

Oregon Short Line Loses in Action Involving Train Nuisance.

A jury in Judge Lewis' court yesterday returned a verdict in the action of Mary E. Morris against the Oregon Short Line for \$5.000 and \$645.54 as interest from Feb. 21, 1907. Mrs. Morris owns property on Third West street, and she alleged in her complaint that the defendant company nad already three tracks and threatened to build two more tracks to be used by the Salt Lake Route, and that thirty or forty trains passed each day, creating a tremendous amount of noise, smoke and tremendous amount of noise, smoke and dirt, and rendering her property almost valueless, especially as means of ingress and egress were obstructed. Mrs. Morris valued her property at \$15,000

GOODLY SUM GRABBED.

Tacoma, Wash., Oct. 1.—President Chesborough and Manager Hansen of the Tacoma Mill company said today that they had discovered a shortage in the accounts of the missing cashier, Frank D. Pinkham, reaching \$20,000, and that the amount may run as high as \$40,000 by the time the inquiry is completed. The alleged embezzlements took place within ninety days preceding Pinkham's disappearance. He is reported to have been seen in Butte, Mont., a few days after his departure on Aug. 22
